

## **Geyser Peak 2006 Reserve Cabernet Sauvignon Alexander Valley**

**91** POINTS

“This is a big, tannic and dry Cabernet, but it’s very elegant, and shows the pedigree of Alexander Valley at its best. Impeccably balanced in acidity and tannins, the fruit is pure blackberries and black currants, with a wonderful earthiness suggesting dried sage and thyme. Should develop nicely over the next 6-8 years.”
