Beat the Heat with These Cool, Crisp Sauvignons

“To me, this \$17 wine has it all — refreshing crispness, complexity, pretty fruit and a long, memorable finish. It has fragrant aromas of apple and melon, joined in the mouth by notes of strawberry, grapefruit, honeysuckle and mint. Two things add to the complexity: The wine is actually a blend of 91 percent Sauvignon Blanc, 6 percent Semillon and 3 percent Viognier, and 5 percent of the blend was fermented in oak.”
