## GEORGES DUBŒUF 2008 MORGON DOMAINE de la CHAPONNE

“Scented with mint and lavender as well as with intimations of the blue and black fruits that follow on the palate, the 2008 Morgon Domaine de la Chaponne is another candidate for alter-ego to the well-known Jean Descombes’ Morgon. A firm feel and suprisingly stony underpinnings, when combined with the bitter edge of herbs and fruit skin, give this a somewhat austere impression, but it is quite impressive in its way — a suggestion of savory sirloin juices develops in the open glass — and should gain from some time in bottle.”
