

Here at [yellow tail][®] we believe that great quality wine can be affordable and great fun too. That's why all the wines we make are vibrant and approachable, and that's what drives our pioneering spirit and our determination to make our own rules. All the wine [yellow tail][®] makes is instantly recognizable, both for its appearance and its personality. The following tasting note is designed to give you an insight into [yellow tail][®]. But, if you want to cut to the chase, it's simple. Drink [yellow tail][®], enjoy it, share it, sip it. And, while it is seriously good wine, don't get too serious about it.

RIESLING

[yellow tail][®] Riesling is made with grapes sourced from the highest quality vineyards. The fruit is harvested at night when the grapes are cooler because this helps retain maximum freshness and flavor. We bottle [yellow tail][®] Riesling on the estate, keeping a watchful eye on the whole process from start to finish.
